ARMAND NZEYANG

Oakville, ON
519 546 8013
armandnzeyang@gmail.com

SUMMARY

Recent graduate with a 3-year advanced diploma in **Software Development and Network Engineering**, specializing in **Full Stack Web Development**, **Cloud Computing**, and **Spring Boot**. Proficient in leading-edge technologies such as ReactJS, Next.js, Node.js, Tailwind CSS, and AWS. Passionate about building innovative solutions, continuously learning, and delivering high-quality results in collaborative and remote team environments. Bilingual in French and English.

EDUCATION

Advanced Diploma in Software Development and Network Engineering | Sheridan College   2024

- **Key Coursework & Skills:** Full Stack Development (JavaScript, Java, Spring Boot, CSS, HTML), Database Administration (MySQL, NoSQL), Cloud Technologies (AWS), Advanced Networking
- **Highlights:** Hands-on experience in full stack projects, agile methodologies, and system deployment

Certifications   2024

- **Supervised Machine Learning: Regression and Classification**
  Built machine learning models in Python using NumPy & scikit-learn. Proficient in linear regression, logistic regression, gradient descent, and supervised learning models.
- **Advanced Learning Algorithms**
  Designed neural networks using TensorFlow for multi-class classification. Expertise in decision trees, tree ensembles (random forests, XGBoost), and advanced machine learning techniques.

EXPERIENCE

Bilingual Client Success Associate | Entuitive Workforce Inc   2022 - Present

- Delivered exceptional bilingual client support (French and English) to ensure seamless service experiences.
- Collaborated with cross-functional teams to address customer needs and improve client satisfaction.
- Demonstrated excellent communication, problem-solving, and analytical skills in client success initiatives.

Quality Assurance | Entuitive Workforce Inc   2022 - Present

- Conducted rigorous testing for software products to ensure quality standards were met.
- Identified, documented, and resolved bugs in collaboration with developers.
- Improved system performance and usability through detailed QA analysis and reporting.

SKILLS

- **Programming Languages:** JavaScript, TypeScript, Java, Python
- **Backend & Databases:** Spring Boot, MySQL, NoSQL, PostgreSQL
- **Tools & Methodologies:** Git, Agile Development, Data Structures & Algorithms, Version Control

- **Web Technologies:** ReactJS, Next.js, Node.js, Tailwind CSS, Bootstrap, Express.js
- **Cloud & Networking:** AWS, Advanced Networking Principles
